

FOR IMMEDIATE RELEASE:

**SoftSolutions! provides STP solution to Tullett Prebon**

London, UK, June 11, 2008: Tullett Prebon and SoftSolutions! announce that SoftSolutions! will provide Tullett Prebon with its XT2! Deal Capture module product.

SoftSolutions!, a leader in integrated electronic markets connectivity software, provides with XTrade! Square a complete trading platform for market makers and high performance trading on professional e-Trading Markets. Its open and modular technology allows an easy integration with bank systems along with the real time ability to capture trades and map trade information according to predefined back-office rules.

XT2! Deal Capture module is a real-time solution that automatically delivers executed trades to Back Office systems. Tullett Prebon's STP integration is based on XT2! Deal Capture module which includes BO mapping and PK booking procedures, post trade allocation, and storage as well as the option of exception management features that permit the transmission of data inconsistency alert messages via SMS, E-mail and Web Page.

Tullett Prebon is a global inter-dealer broker operating as an intermediary in wholesale financial markets. Its E-Broking division provides customers with electronic solutions in a wide range of financial products.
